From the Office of the President

Dear Colleagues,

It is with great pride that I write to you on this last week of our summer break to share a very important moment for the College. Last year, one of our goals was to work together to articulate our mission, vision, and core values. We wanted to create statements that reflect, in an inspiring way, who we are as an institution and why we are so dedicated to our students and their success. Our mission task force fully embraced this goal and crafted a mission, vision, and core values—with input from you and our board members—that will guide our actions in the days, months, and years ahead and will serve as the cornerstone of our strategic plan.

I look forward to sharing my thoughts about our new mission, vision, and core values next Monday, August 22, at our Fall Opening Meeting. In the meantime, enjoy reading our statements and listening as our students bring them to life. Additionally, please watch the video where I share my mission moment; I encourage you to do the same!

Best wishes for the year,
DeRionne P. Pollard
