The college reserves the right to amend or add to this bid at any time prior to the bid due date. If it becomes necessary to change or add to any part of this bid, the procurement officer will furnish an addendum to all prospective bidders listed as having received a copy of this bid. All addenda will be identified as such and will be sent by mail, email, or fax transmission.

additional orders

Unless it is specifically stated to the contrary in the bid response, the college reserves the option to place additional orders against a contract awarded as a result of this solicitation at the same terms and conditions, if it is mutually agreeable.

assurance of non-conviction of bribery

The bidder hereby declares and affirms that, to its best knowledge, none of its officers, directors or partners and none of its employees directly involved in obtaining contracts has been convicted of bribery, attempted bribery or conspiracy to bribe under the laws of any state or the federal government.

audit

The contractor shall permit pre-audit and fiscal and programmatic monitoring of the work performed under any contract issued from this solicitation. The college shall have access to and the right to examine and/or audit any records, books, documents and papers of bidder and any subcontractor involving transactions related to this agreement during the term of this agreement and for a period of three (3) years after final payment under this agreement.

award considerations

Awards of this bid will be made to the lowest responsible bidder conforming to specifications with consideration being given to quantities involved, time required for delivery, purpose for which required, responsibility of bidder and its ability to perform satisfactorily with consideration to any previous performance for Montgomery College. A bid may be awarded at the sole discretion of the college in the best interest of the college. Prompt payment discounts will not be considered in bid evaluation. All discounts other than prompt payment are to be included in bid price.

behavior of contractor employees

The college is committed to providing a work and study environment that is free from discrimination and harassment on the basis of race, color, religious creed, ancestry, national origin, age, sex, marital status, handicap, pregnancy, or status as a disabled veteran or veteran of the Vietnam era. Behavior contrary to this philosophy, which has the purpose or effect of creating an intimidating, hostile, or offensive environment, will not be tolerated by the college, and it is the contractor’s responsibility to ensure that such behavior by its employees, agents, and subcontractors does not occur. The policy extends to maintaining an environment free from sexual harassment. Therefore, sexual advances or sexual remarks, requests for sexual favors, and other verbal or physical conduct of a sexual nature must not be condoned or permitted by the contractor. This prohibition extends to such harassment within the employment context as well as harassment of students, staff, and visitors to the college. It should be assumed that all sexual behavior by the contractor’s employees, agents, and subcontractors on any campus or facility of the college, whether owned, operated, maintained or leased by the college, is improper and unwelcome.

bid and performance security

If bid security is required, a bid bond or cashier’s check in the amount indicated on the bid cover must accompany each bid and be made payable to Montgomery college. Corporate or certified checks are not acceptable. Bonds must be in a form satisfactory to the college and underwritten by a company licensed to issue bonds in the State of Maryland. If bid security fails to accompany the bid, it shall be deemed unresponsive, unless the director of procurement deems the failure to be non substantial. Such bid bonds or checks will be returned to all except the three (3) lowest bidders within five (5) days after the opening of bids, and the remaining checks or bid bonds will be returned to all but successful bidder(s) within forty-eight (48) hours after award of contract. If a performance bond is required, the successful bidder must submit an acceptable performance bond in the designated amount of the bid award, prior to award of contract. All bid bonds will be returned to the successful bidder(s) within forty-eight (48) hours after receipt of the performance bond.

bidding instruments

Bidding instruments include the bid, addenda, general terms and conditions, contract terms, and specifications. Bids should be prepared simply and economically, and should provide a straightforward, concise description of the bidder’s capabilities to satisfy the requirements of the bid. Emphasis should be on completeness and clarity of content. The bidder will bear any and all costs incurred in the preparation and submission of bids.

brand names

Brand name materials used in these specifications are known and acceptable. Bids including proposals to use alternate brands are invited as long as they are of equal type and equal or better quality. The burden of proof that alternate brands are in fact equal or better falls on the bidder, and proof must be to the college’s satisfaction.

care of premises

Precautions taken for safety and protection shall be in accordance with the mandatory requirements of the safety codes prevailing within the jurisdiction in which the work is to be performed. During the performance of the contract, the contractor shall take the necessary precautions to protect all areas upon which work is performed as a part of this contract. Any damage caused as a result of contractor’s neglect, directly or indirectly, shall be repaired to the college’s satisfaction at the contractor’s expense.

The Contractor’s contract form will be examined and evaluated along with the Contractor’s bid and, at the College’s option, may be utilized as the contract.

**CONTRACTOR IDENTIFICATION**  Contractor’s employees are required to wear identification badges and/or carry picture identification when they are on College grounds.

Bids already submitted may be withdrawn without penalty prior to bid opening. Errors discovered after bid opening may not be corrected. In the case of an error in price extension, the unit price will govern. The intention of the Bidder must be evident on the face of the bid.

**FAILURE TO DELIVER**  If the Contractor fails to comply with any established delivery requirements, the College reserves the right to make an open market purchase of required items and to assess, as liquidated damages, the difference between the contract price and the actual cost incurred by the College and to invoice charges to the Contractor.

**INDEMNIFICATION**  The Contractor shall be responsible for any loss, personal injury, expense, death and/or any other damage which may occur by reason of Contractor’s acts, negligence, willfulness or failure to perform any of its obligations under this agreement. Any acts, negligence, willfulness or failure to perform any of the Contractor’s obligations under this agreement, on the part of any agent, director, partner, servant or employee of Contractor are deemed to be the Contractor’s acts. Contractor agrees to indemnify and hold harmless the College and its trustees, employees, agents and students from any claim, damage, liability, injury, expense, and/or loss, including defense costs and attorney’s fees, arising directly or indirectly out of Contractor’s performance under this agreement. Accordingly, the College shall notify Contractor promptly in writing of any claim or action brought against the College in connection with this agreement. Upon such notification, Contractor shall promptly take over and defend any such claim or action. The College shall have the right and option to be represented in any such claim or action at its own expense. This indemnification provision shall survive the termination and/or completion of this agreement.

No allowance will be made to the successful Bidder, at a later date for additional work required because of his or her failure to visit the site and/or to obtain the exact dimensions. Discrepancies, if any, must be brought to the attention of the College.

**INSURANCE**  In case of any loss to the College, the Contractor shall maintain such insurance as will indemnify and hold harmless the College from Workmen’s Compensation and Public Liability claims for property damage and personal injury, including death, which may arise from the Contractor’s operations under this contract, or by anyone directly or indirectly employed by him/her.

No contract shall be made by Bidder with any other party for furnishing the services to be performed under a contract issued from this solicitation without the written approval of the College. These provisions will not be taken as requiring the approval of the contract of employment between Bidder and its personnel.

NON-COLLUSION

NON-DISCRIMINATION
Bidder assures the College that, in accordance with applicable law, it does not, and agrees that it will not discriminate in any manner on the basis of sex, race, age, color, creed, national origin, religious belief, handicap, marital status, or status as a disabled veteran or veteran of the Vietnam era. Bidder further agrees to post in conspicuous places notices setting forth the provisions of the nondiscrimination clause and to take affirmative action to implement the provisions of this section. Bidder further assures the College that, in accordance with the Immigration Reform and Control Act of 1986, it does not and will not discriminate against an individual with respect to hiring, or recruitment or referral for a fee, of the individual for employment or the discharging of the individual from employment because of such individual’s national origin or in the case of a citizen or intending citizen, because of such individual’s citizenship status.

For purposes of the regulation, the phrase “equivalent access” means the ability to receive, use, and manipulate information and operate controls necessary to access and use information technology by nonvisual means. Examples of equivalent access include keyboard controls used for input and synthesized speech, Braille, or other audible or tactile means used for output.
