

# INVESTIGATING CHILD EXPLOITATION ON THE DARKNET

*David Vargas*

GUEST SPEAKER

Over time, the Darknet has proven to be the perfect venue for predators due to the anonymity it provides.

In this presentation, attendees will learn how investigators find and investigate darknet sites that are used to host child sexual abuse material (CSAM)

The presentation will include a discussion of actual sites and predators that were successfully taken down by law enforcement.

October 10, 2024 12-1pm

In-person: Cyber Lab, HT230

Germantown campus
